- Talos all-glass revolving doors

Fields of application

- hotels
- office and administrative buildings
- shopping malls
- airports
- stations
- hospitals
- banks and financial institutions
- museums
- concert halls

You can rely on us!

A committed team

One of the main reasons for our success is a human one. We currently have over 300 employees from 15 different nations committed to meeting specialised market demands with their experience, their know-how and their innovative energy.

Our service

Personalised consulting services, proximity to customers as well as flexibility and regular training courses are all and will always remain an important part of what Kaba Gallenschütz has to offer you - from one-off orders to large-scale projects.

Kaba worldwide

Thanks to the worldwide presence of the Kaba Group and to our long-standing international partnerships, we have established an extensive distribution and marketing network in Europe, America and Asia. Wherever you are, we're not far away!

The Kaba Group

The international Kaba group is a pioneer in security technology worldwide. An internationally active, listed company, it employs approximately 10,000 staff in more than 60 countries. Kaba provides innovative, comprehensive access control solutions for buildings, facilities and other sites, as well as solutions for collecting personal and enterprise data. All our solutions are designed with an emphasis on security, organisational flexibility and ease of use.
